Includes 1/2" NPT to garden hose adapter

Includes on/off shower head with multiple spray patterns

L10: Liquid Propane Tankless Water Heater

The L10 will deliver up to 2.65 gallons per minute of hot water. Plenty for a shower and sink running at the same time. Designed for a more permanent outdoor installation the L10 is perfect for vacation cabins, lake houses, barns, potting sheds, RV's, campers and more. Water fittings are ½ NPT which makes plumbing easy with readily available, standard American fittings.

Some of the other features include:

- Light weight at 18 pounds
- Comes with a stainless steel rain hood
- Uses 2 “D” batteries for ignition
- 5’ LP regulator and hose
- Up to 12 hours of use from a 20 lb. tank (only uses gas when making hot water)
- Temperature ranges from 80 – 165 degrees F
